

MISSISSIPPI STATE DEPARTMENT OF HEALTH

CHILD CARE LICENSURE INFORMATION MEMORANDUM

Number 4

April, May & June

Volume FY 2016

ANNOUNCEMENTS

1. The next meeting of the Child Care Advisory Council Meeting will be held at 1:00 p.m. on Friday, June 10, 2016 in the Child Care/Professional Licensure Conference Room located at 143B Lefleurs Square, Jackson, MS 39211.
2. There are upcoming vacancies on the Child Care Advisory Council. Please see the announcement in the information memorandum if you are interested in applying to be appointed to the Council.
3. For the last few years, the Agency has been working toward implementing measures to assure that the public is informed of the compliance status of the various facilities that provide food service, healthcare, and child care to Mississippi's citizens. By making the compliance status of such entities available, the Agency feels that the public will be better able to make an informed decision when seeking such care and services in our state. The Agency already posts the compliance statuses of restaurant inspections on the MSDH website and, hopefully, the inspection reports for healthcare facilities will follow soon. As of January 11, 2016, the Agency began posting a listing of child care facilities that, based on their most current inspection, were found to be in violation of one or more of five regulatory requirements that the Agency feels have the most potential to endanger children: failure to maintain the minimum staff to child ratio, leaving children unattended, failure to conduct a criminal background check, and failure to assure that a staff person, who is current in CPR and basic first aid certification, is present at all times where children are present. The link to this list is <http://msdh.ms.gov/ccviolations>.
4. The Department acknowledges that most individuals prefer to receive their materials electronically. Therefore, the Department will no longer maintain hardcopies of the child care licensing regulations. A copy of both sets of child care regulations, plus all addenda and attachments, can be reviewed and printed directly from the following MSDH website: http://msdh.ms.gov/msdhsite/_static/30,0,183,225.html.
5. The Division of Child Care Licensure wishes to welcome four new licensing staff: TaKesha Clifton & LaTonya Lyles in Public Health District V, Hope Alexander in Public Health District VI, and Carol Bishop in Region 1 as the new Trainer.

6. The Department bids a fond farewell to the following child care licensing staff:
 - a. Harold Loftin, Region I Supervisor upon his retirement
 - b. Chiquita Nichols, Region 2 Supervisor
 - c. Teresa Campbell in Public Health District II
 - d. Anissa Pace in Public Health District IX.
7. Several child care facilities have requested training for their staff on reporting requirements for Child Abuse and Neglect. The contact individual for scheduling such training is Shannon Toth with the Mississippi Department of Human Services, telephone number 601-359-4862.
8. The Division wishes to encourage all providers to ensure that each of their employees is trained in using positive re-enforcement when disciplining children. Literature indicates that correct and consistent use of positive re-enforcement not only encourages the child to behave properly, it enhances his/her self-esteem. Subchapter 14 of the *Regulations Governing Licensure of Child Care Facilities* and *Regulations Governing Licensure of Child Care Facilities for 12 or Fewer Children in the Operator's Home* addresses Discipline and Guidance. The Department encourages all operators and child care staff to review this chapter of the regulations.
9. The Division would like to inform providers that Region 3 Trainer, Josie Smith has moved into a new office and the contact information is below:

Move to Learn is now in Pre-K!

The dynamic learning tool utilized by schools throughout Mississippi is now expanding into Pre-K. Our new Pre-K videos help kids learn to count and learn letter sounds.

Move to Learn is based on a simple idea: When kids move at school, things get better.

Coach Calhoun and Coach Clayton lead students in simple rhythmic routines to keep them active and engaged while learning. This leads to a fun and effective way to learn and a healthier body. And when better to start than in Pre-K?

With Move to Learn, Pre-K children can learn to count and learn letter sounds while being physically active.
